Dear Mr. Khan:

Thank you very much for your response. We are pleased that you are in broad agreement with the proposal.

With regard to your observation about the exclusion of World Bank Vice Presidency from the co-chair function. As you have observed, the overarching objective of this change is to ensure more democratic and inclusive participation in the CIFs by recipient and contributing countries. I can assure you that the World Bank is very much on board and actively in support of this change. The Bank will continue to stay engaged at the highest levels despite this change.

Regards

Dear Madam/Sir,

We have looked into the suggested amendments of the Climate Investment Fund SCF Governance Framework Document and the PPCR Documents. We understand that the changes are the outcome of detailed discussions and decisions of CIF meetings in June and November 2011. We are in broad agreeemnt in amending the terms of members of SCF Trust Fund Committees and SCF sub-committees to 18 months and the changes being proprosed for amendments to the Governance Framework.

However, we would be glad to learn from the CIF Administrative Unit about the rationale of changing the co-chairing of the Partnership Forum. While it is a more democratic and inclusive step to have the co-chairing shared between the representatives of recipient and contributor countries, but the exclusion of World Bank Vice Presidency

from this function may dispossess the Forum from the benefit of professional knowledge and institutional memory. This is not a concern but an observation.

Thanking you,

Yours sincerely,

Arastoo Khan
