**TRUSTEE REPORT ON THE  
FINANCIAL STATUS  
OF THE STRATEGIC CLIMATE FUND**

## Part I: SCF Trust Fund

### I. INTRODUCTION

1. This report provides the Trust Fund Committee of the Strategic Climate Fund (SCF) with information on the financial status of the SCF Trust Fund. The paper is divided into four sections. Part I provides the summary financial information on the SCF Trust Fund as a whole; Part II provides details on the Pilot Program for Climate Resilience (PPCR); Part III the Forest Investment Program (FIP); and Part IV the Scaling-Up Renewable Energy in Low Income Countries Program (SREP). Annex 1, prepared based on information provided by the Multilateral Development Banks (MDBs), presents the status of disbursements made by the MDBs.

### II. STATUS OF CONTRIBUTIONS

2. Contributions comprise both pledges and commitments from Contributors. Pledges represent a Contributor's expression of intent to make a contribution and form the basis for the endorsement of Investment Plans/Strategic Programs for Climate Resilience by the respective SCF Sub-Committees. Pledges are converted to "commitments" by way of a countersigned Contribution Agreement/Arrangement. Table 1 presents the contributions to the SCF, broken down into pledged and committed amounts in pledging currency. The contributions to the SCF amount to USD eq. 2 billion, valued at the exchange rates available on the date of the Climate Investment Funds (CIF) pledging meeting. The current value of the contributions amount to USD eq. 1.9 billion as of September 30, 2011 (a difference of USD eq. 105 million).

### III. FUNDING DECISIONS

5. The SCF Trust Fund Committee approves allocation of SCF resources for administrative budgets, while the SCF Sub-Committees, or the MDB Committee if delegated, approve SCF financing for programs and projects including preparation grants and MDB costs for project implementation support and supervision services under the respective targeted programs. To date, the SCF Trust Fund Committee has approved administrative budgets totaling USD 43 million and the Sub-Committees, or MDB Committee if delegated, have approved funding for projects and MDB costs for project implementation support and supervision services totaling USD 73 million (Table 3).

<sup>1</sup> Capital contribution may be used for any purpose, except that no more than 10% of the contribution may be used for financing grants.

6. In accordance with the Contribution Agreements/Arrangements, commitments and transfers of administrative budgets are applied first against the investment income earned, and second, against all other targeted programs on a pro rata basis calculated based on the cash balance of funds in each program. Accordingly, the USD 43 million approved for administrative budgets was allocated against the investment income earned on the SCF Trust Fund followed by the cash balance of each program on a pro rata basis.

#### IV. UPDATE ON TRUSTEE ACTIVITIES

7. **Investment Management:** Table 4 illustrates the composition of instruments in which the SCF Trust Fund portfolio was invested as of September 30, 2011. Cash assets held in trust by the World Bank (as the Trustee) are maintained in a commingled investment portfolio (the “Pool”) for all trust funds administered by the World Bank. The assets in the Pool are managed in accordance with the investment strategy established for all trust funds administered by the World Bank. The Pool is actively managed so that the probability of incurring negative returns is no more than 1% over the applicable investment horizon.

8. As of September 30, 2011, the SCF Trust Fund has earned investment income of approximately USD 9 million on the undisbursed balance of the SCF Trust Fund. The investment income return since inception was approximately 2.21%

9. **Accounting and Reporting:** The external audit of the Trustee's CY10 financial statements is now completed. The audited financial statements along with the external auditor's report will be distributed to the SCF Trust Fund Contributors and Committee members when available. The CIF MDB Financial Consultation meeting was hosted by EBRD in London from Tuesday October 4 through Thursday October 6, 2011. All CIF partner agencies were represented by the relevant finance and accounting staff. Discussions centered on creating more efficiencies in the process flows across the partnership, simplifying the reporting requirements of the MDBs to the Trustee in accordance with the Financial Procedures Agreements, and coordinating the accounting and audit arrangements between the Trustee and the MDBs. It was agreed that all MDBs will apply special purpose accounting basis in preparing the financial statements for the CIFs. It was clarified that the Trustee would not consolidate the data of the MDBs to produce a single financial statement, but rather would present all financial statements independently to the SCF Trust Fund Contributors and Committee members but in a single package. It was also agreed that each MDB will prepare special purpose financial statements for the December 31, 2011 year-end and conduct an external audit for the statements if the MDB has received more than US\$ 10 million.

10. **Systems Development:** In FY10, the Trustee began the development of an automated and secure systems platform to manage the Clean Technology Fund and Strategic Climate Fund Trust Funds. The system will support Trustee financial operations as well as CIF operations, specifically pipeline management and related workflow between the MDBs, CIF Administrative Unit, and the Trustee. The system platform will leverage other existing platforms owned by the World Bank. Several critical Trustee applications were delivered in FY11, as reported to the Trust Fund Committees in previous Trustee reports. The plans for FY12 include close collaboration with the CIF Administrative Unit to develop an SAP platform for storing and managing CIF project pipeline and creating a management dashboard to facilitate program planning and communications to the Trust Fund Committees and the MDBs. In addition, the Trustee will develop applications to store and manage (i) scheduled interest and principal repayments as provided by the MDBs; (ii) scheduled interest and principal repayments to the Loan Contributors; (iii) scheduled refunds received from the MDBs; and (iv) contribution transfers across SCF windows or to the CTF Trust Fund.

11. **Launch of Trustee Websites:** In July 2011, as part of the World Bank's Open Data Access Initiative, the Trustee launched a portal for Financial Intermediary Funds (FIFs), which include the CTF and SCF Trust Funds, on the "**World Bank Finances**" website (<https://finances.worldbank.org/>). This website will provide downloadable donor contribution data for each FIF as well as funding approvals, and Trustee commitments and cash transfers to the MDBs. Further, as communicated to the CTF and SCF Committees in the June 2011 meetings, the Trustee is set to launch a second website catering solely to FIFs, which will disseminate for each FIF (i) financial information and

trend analysis; (ii) scheduled reports; (iii) financial statements; (iv) governance documents; and (v) links to helpful resources. Future plans include the addition of interactive capabilities to retrieve, filter, and download 'real-time' financial information. The CIF Trustee website ([www.worldbank.org/fiftrustee](http://www.worldbank.org/fiftrustee)) is scheduled to be launched in November 2011.

## II. STRATEGIC PROGRAM FOR CLIMATE RESILIENCE ENDORSED BY THE PPCR SUB-COMMITTEE

14. The Strategic Programs for Climate Resilience (SPCR), developed under the leadership of the relevant government, outline the proposed use of PPCR resources in recipient countries in major sectors of the economy through a joint MDB program. SPCRs are submitted to the PPCR Sub-Committee to endorse the further development of activities for PPCR financing and to facilitate prioritization of the pipeline of projects. The value of the amount pledged to the PPCR forms the basis for endorsement of SPCRs by the PPCR Sub-Committee. As noted in Table 5, the current value of PPCR pledges as of September 30, 2011 is USD eq. 983 million.

15. As of September 30, 2011, the PPCR Sub-Committee has endorsed 11 SPCRs for a total amount of proposed PPCR funding of USD 689 million, an increase of USD 421 million since March 31, 2011: USD 395 million for grant funding and USD 294 million for near-zero interest credits (see Table 7).

## II. INVESTMENT PLAN ENDORSED BY THE FIP SUB-COMMITTEE

20. The Investment Plans, developed under the leadership of the relevant government, outline the proposed use of FIP resources in recipient countries in major sectors of the economy through a joint MDB program. Investment Plans are submitted to the FIP Sub-Committee to endorse the further development of activities for FIP financing and to facilitate prioritization of the pipeline of projects. ## II. INVESTMENT PLAN ENDORSED BY THE SREP SUB-COMMITTEE

26. The Investment Plans, developed under the leadership of the relevant government, outline the proposed use of SREP resources in recipient countries in major sectors of the economy through a joint MDB program. Investment Plans are submitted to the SREP Sub-Committee to endorse the further development of activities for SREP financing and to facilitate prioritization of the pipeline of projects. The value of the amount pledged to the SREP forms the basis for endorsement of Investment Plans by the SREP Sub-Committee. As noted in Table 17, the current value of SREP pledges as of September 30, 2011 is USD eq. 352 million.

27. As of September 30, 2011, the SREP Sub-Committee has endorsed one Investment Plan for a total amount of proposed SREP funding of USD 50 million (see Table 19).
