

## Civil Society Observers 2015-2016

In February 2015, the Climate Investment Funds (CIF) added its third round of civil society observers to its governing body. Seventeen observers were chosen through a process of self-selection; this process was facilitated by an independent organization, [RESOLVE](#), based in Washington, D.C., and through the assistance of an Advisory Committee comprised entirely of civil society organizations (CSOs). In total, 162 CSOs from all regions applied for the role of observer, and 289 CSOs from around the world voted for their chosen candidates. Those CSOs who received the highest number of votes will serve as CIF observers from February 2015 until December 2017.
