Communication from Government of Zambia Regarding Use of Additional PPCR Resources

From: David Kaluba

Date: Fri, 8 Feb 2013 15:08:32

Dear Nancy

I am glad to note that the PAD has been submitted and look forward to its consideration and eventual approval by the PPCR Sub-Committee. My team at the Secretariat has worked with the Bank team on the PAD and I fully agree and support the contents therein. We specially applaud the excellent work by the World Bank team led by Sofia and the support provided by Iretomiwa and Habiba. As a team, we have steadily matured over time through Phase I activities and now into investments. I must say that our capacities, myself particularly, have been built through their guidance and mentorship.

I look forward to receiving feedback from the PPCR sub-committee on the content of the PAD and the request for the additional US\$3million

David
