[Approved by Mail] Accelerating Coal Transition (ACT) Investment Program: Revised Design Document (CTF) – Decision Approved

Dear CTF Trust Fund Committee members,

We are writing regarding the request for approval of the revised design document for the Accelerating Coal Transition (ACT) Investment Program.

The time period provided for submission of comments and any objections to the decision has now expired. No objections were received. We are, therefore, pleased to inform you that the decision below is now approved.

The CTF Trust Fund Committee, having reviewed the document entitled, *Revised ACT Design Document*, approves the document.

Sincerely,

Mafalda Duarte

[Approval by Mail] Accelerating Coal Transition (ACT) Investment Program: Revised Design Document (CTF) – No objection deadline: 3/24/2022

Dear CTF Trust Fund Committee members,

As you may recall, the CTF Trust Fund Committee [approved](#) the Accelerating Coal Transition (ACT) Investment Program Design Document on October 8, 2021. However, at the Intersessional Meeting of the CTF Trust Fund Committee on October 12, 2021, members [requested](#) that the CIF Administrative Unit take into consideration comments by members on the ACT Design Document and Result Framework Document, and, if needed, submit revised versions for its approval before the end of the calendar year.

Based on the comments received from members, please find attached for your review and approval, the revised design document for the ACT Program. The proposed changes mainly include suggestions for clarification as well as reference to a dedicated technical assistance mechanism supported by Canada to foster women's climate leadership and effective participation in designing and informing coal-to-clean transition strategies and implementation plans. The mechanism is currently being designed and will soon be shared with the Trust Fund Committee. We are attaching a version in tracked changes for ease of reference.

The CTF Trust Fund Committee is requested to approve the following decision:

The CTF Trust Fund Committee, having reviewed the document entitled, *Revised ACT Design Document*, approves the document.

Since the suggested revisions are clarificatory in nature and do not result in material design changes to the program, we kindly ask that you consider a one week approval timeline.

Please submit any comments by return of email. If we do not receive an objection to the proposed decision by March 24, 2022, the decision will be approved.

Sincerely,

Mafalda Duarte
