**Comments from the United Kingdom—Approval by mail: Grenada: Additional financing to the Regional Disaster Vulnerability Reduction Program (PPCR) IBRD**

Dear colleagues

Thank you for responding to our questions and providing us with further information.

The UK is content to endorse the concept for the allocation of an additional \$5m in grant resources to this project, and to approve the first tranche of \$75,000 for project implementation and supervision services to assist the Government of Grenada in the further development of the concept.

Kind regards,

Anna
