¹ A separate template needs to be presented for each project and program preparation grant request listed in the SPCR.

² In cases where the total requested payment request exceeds the relevant benchmark adopted by the SCF Trust Fund Committee, a detailed cost estimate based on quantitative assessments of inputs required (staffing arrangements and time, travel requirements, number of missions, etc) has to be provided to support the consideration of the fee request by the SCF Sub-Committee on an exceptional basis. Such an estimate would be accompanied by an explanation of the particular aspects of project design and or implementation arrangements that are causing estimated MDB implementation support and supervision costs to exceed the benchmark.

³ Including the preparation grant request

⁴ If the final MDB cost estimate exceeds the relevant benchmark, it needs to be supported by (i) a breakdown of costs of inputs required (staff/consultant time, travel, number of missions, etc) and (ii) by an explanation of the particular aspects of project design and implementation that drive MDB costs to exceed the benchmark (Item 9 in template).
