Webex general guidance:

A document on tips and guidance on webex use will be sent as an attachment to the logistics note. Please refer to this document for information on how to connect to a meeting and the different meeting services you may use.

Please be aware that you connect to webex via the link on your internet browser or using the webex app that you can download for free.

Interaction with the room during the meeting:

- Participants connecting by Videoconference or using the webex video system may wish to prepare a name plate and make sure they are visible during the meeting so that we can easily identify who is online. These name plates should be used to notify the committee of your request to speak – by standing the name plate on its side.
- Participants using the webex audio system on their computers or using the webex app, can also send messages through the “Chat” icon to inform the CIFAU that they would like to speak.
- Participants using their phones to call in the meeting, are required to send either text or “Whatsapp” messages to notify the CIFAU that they would like to speak. A “Whatsapp group will be created for each meeting. Please ensure that you send your telephone number to the CIFAU before your meeting starts so that you are include in the “Whatsapp group”.
